How to set up a new Sunix Messaging account

When Sunix Vision first opens, you will see a reminder to set up your Sunix Messaging account. Click the “Signup Now” button to commence creating a new account.

If the message does not display, you can still access the Account Creation process by following the instruction section “How to access SMS setup and configuration”, and then clicking on the Create Account button.

The new account application form will appear. Fill in the details for your company.

SUNiX

SUNiX Messaging Account Setup

Company Name:

Email:

Contact Name:

Contact Mobile:

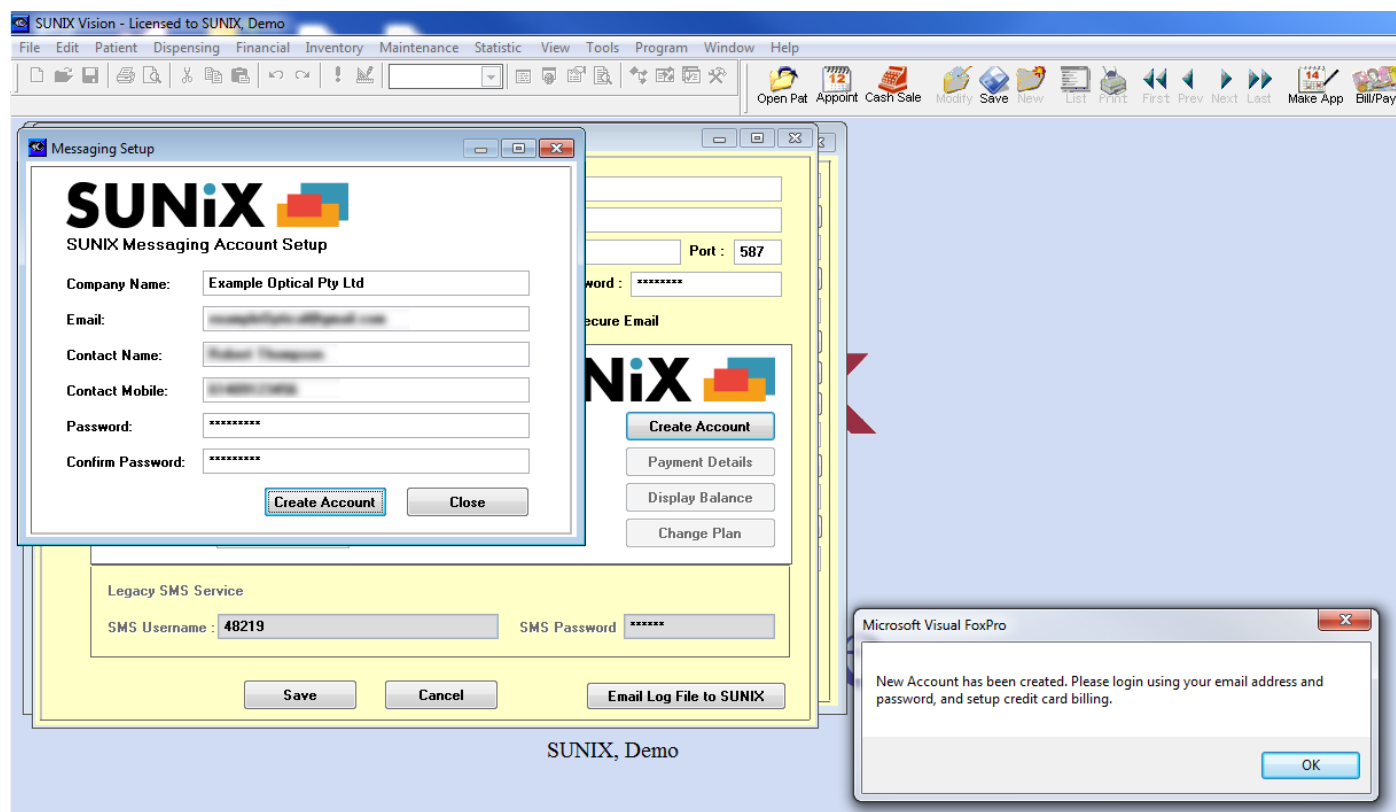

Password:

Confirm Password:

Create Account **Close**

Once the form is completely filled out, click the Create Account button.

A message will appear advising of whether the account creation was successful or not. If account creation fails, please contact the Sunix Support team for further assistance.

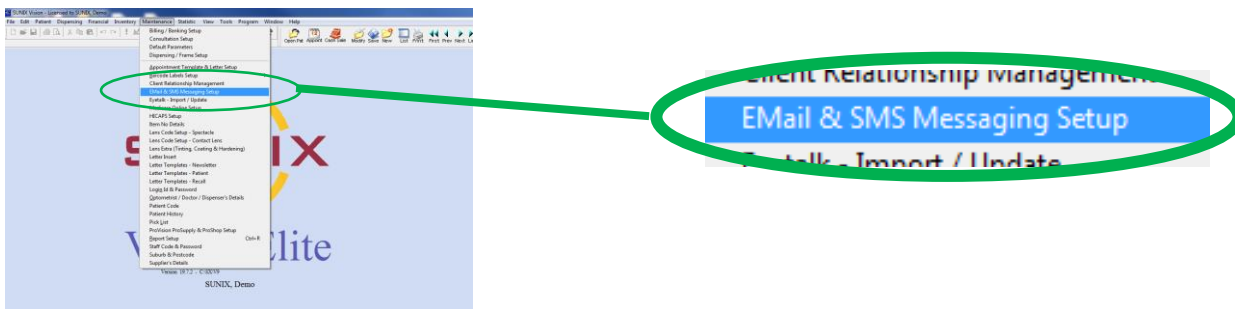

This has created the Sunix Messaging account.

The next step is to set up Credit Card billing. Please refer to the “How to add or change credit card payment options” instruction step. When you click “OK” a browser will open to allow you to log into the Sunix Messaging online payment management portal.

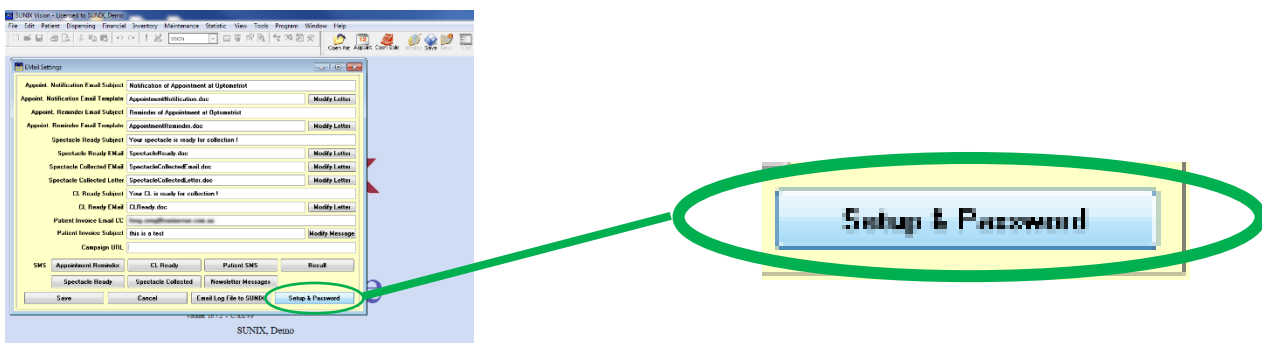

Log in using the email address and password that you entered during the account setup process.

How to access SMS setup and configuration

To access the SMS setup and configuration information for your Vision installation, first go to the Maintenance menu, then select “Email & SMS Messaging Setup”.

Then select “Setup & Password” to access the SMS Messaging setup options.

The Email & SMS Messaging Configuration page will be displayed as shown below.

The screenshot shows the 'Email & SMS Messaging Configuration' page. The page includes fields for Email Address, Email Name, SMTP Server, Email User Id, and Email Password. There are also checkboxes for 'Enable Email / SMS' and 'Using SUNIX Messaging SMS Service'. The 'Using SUNIX Messaging SMS Service' section includes fields for API User Name, API Key, API Secret, SMS From, and SMS Plan. The 'Legacy SMS Service' section includes fields for SMS Username and SMS Password. The SUNIX logo is prominently displayed in the center.

The information on this page can be edited as required. Please refer to the relevant part of the instructions for further details on each of the options.

How to access credit card and payment options

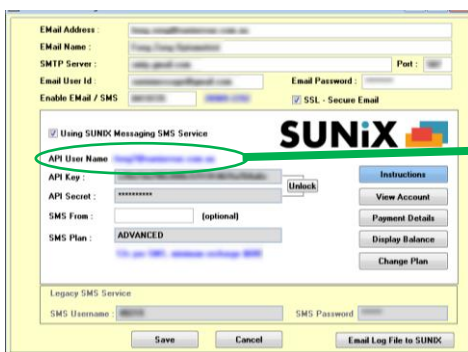

Follow the instructions under “How to access SMS setup and configuration” to bring up the Email & SMS Messaging Configuration page. Then click on the “Payment Details” button. This will open a web browser to log in to your online payment profile. Alternatively, you can visit <https://sunixmessaging.com/> directly in a web browser.

The screenshot shows the SUNiX configuration interface. On the right side, there is a vertical menu with buttons: 'Instructions', 'View Account', 'Payment Details', 'Display Balance', and 'Change Plan'. The 'Payment Details' button is circled in green. A green line connects this button to a separate callout box.

Payment Details

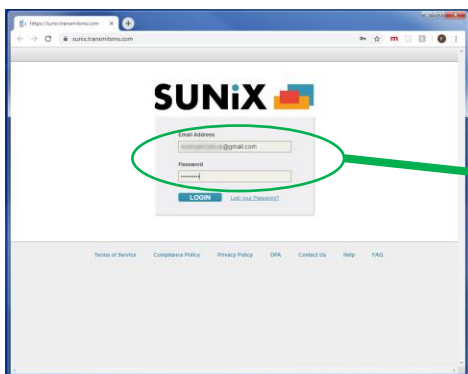

Note: If you used the automated account creation process that is part of Vision then the email address you used to create the online payment profile will be shown in blue on the Email & SMS Messaging Configuration page as a reminder, as the “API User Name”.

The screenshot shows the same configuration page. The 'API User Name' field, which contains the email address 'john.doe@sunixmessaging.com', is circled in green. A green line connects this field to a separate callout box.

API User Name

Log into the online payment profile using the email address you used to sign up to Sunix Messaging with, and your Sunix Messaging password.

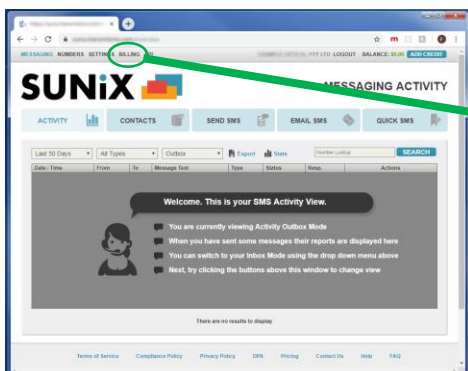

The screenshot shows the SUNiX login page. The login form, which includes fields for 'Email Address' and 'Password', is circled in green. A green line connects this form to a separate callout box.

Email Address

@gmail.com

Password

You can then select “Billing” from the top of the screen to display the online payment settings.

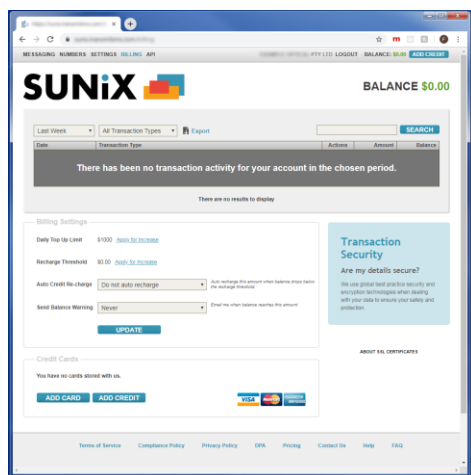

The screenshot shows the SUNiX dashboard. In the top navigation bar, the 'BILLING' link is circled in green. A green line connects this link to a separate callout box.

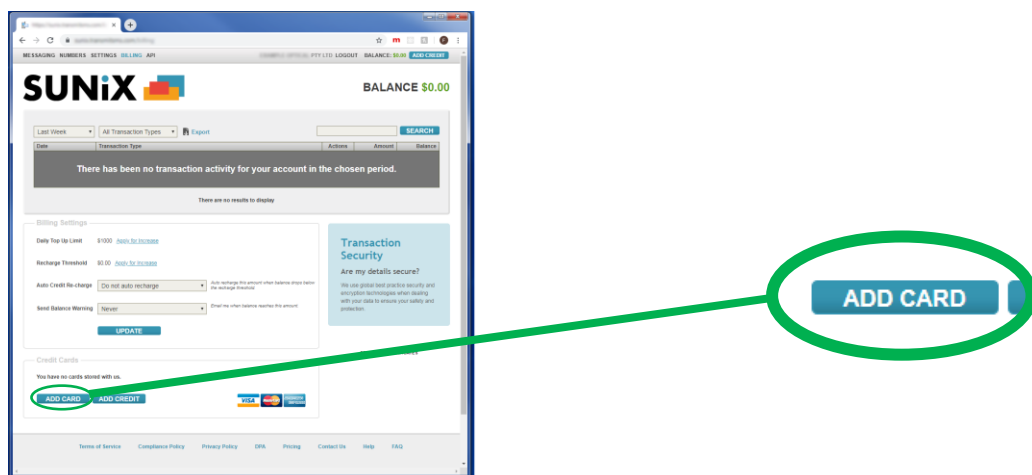

BILLING

How to add or change credit card payment options

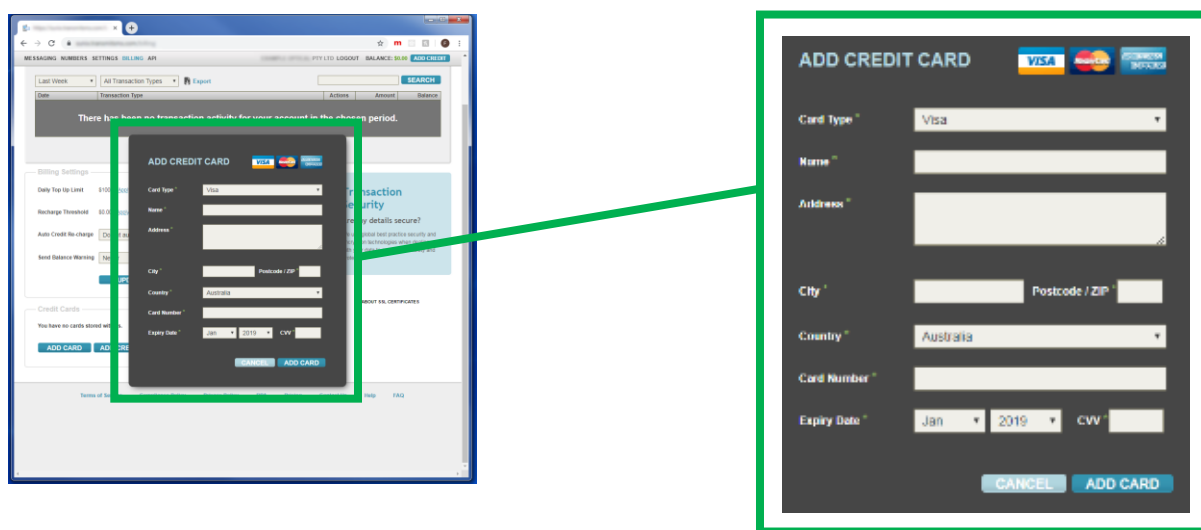

Follow the instructions under “How to access credit card and payment options” to bring up the Billing information page as shown.

To add a new credit card to use for payment, click on “Add Card”.

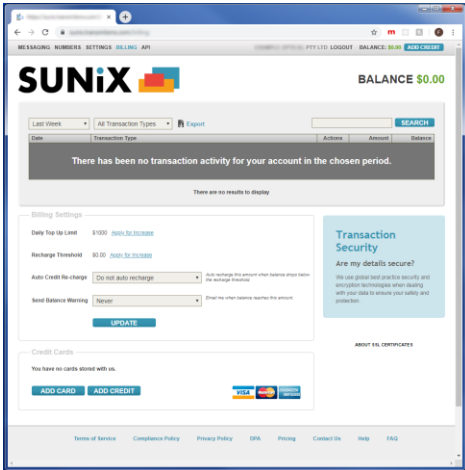

Enter your card details in the pop-up window, and then click “Add Card”.

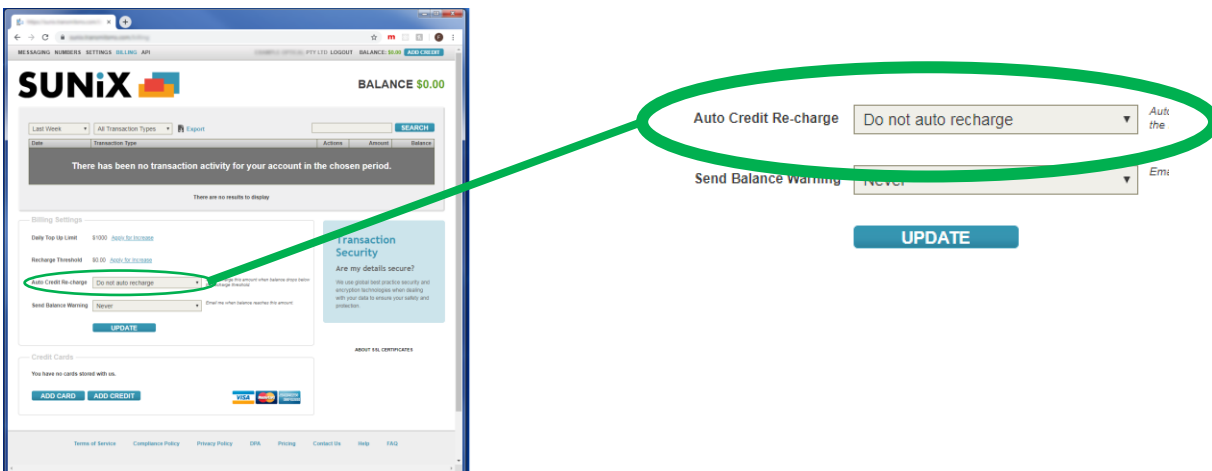

How to set up automatic billing

Once you have enabled Automatic Billing, your credit card will be automatically charged the “top up” amount each time the balance falls to zero. This ensures that your Sunix Vision system is always able to send SMS messages to your patients.

Follow the instructions under “How to access credit card and payment options” to bring up the Billing information page as shown.

Change the “Auto Credit Re-charge” dropdown from “Do not auto recharge” to a specific value. Depending on what SMS plan you have chosen, the recharge value will be fixed at a specific amount. Then click the “Update” button.

Note: Please make sure you select the value that corresponds to your selected Sunix Messaging plan.

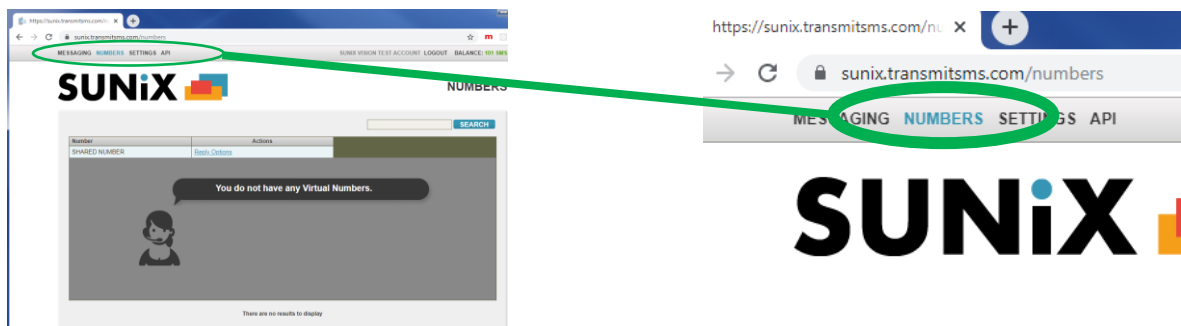

How to set up SMS Message reply

In Vision Email & SMS Configuration Settings screen, there are 3 values in below that can save to “SMS From” textbox.

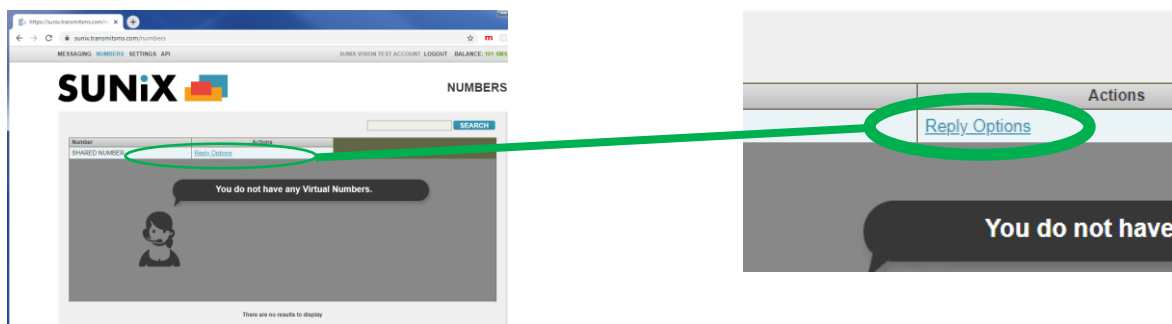

1. If there is a mobile phone number enter to “SMS From” textbox, the reply SMS message will go to this mobile phone number.
2. If there are texts (like your Store Name) enter to “SMS From” textbox, the reply SMS message will go to nowhere.
3. If you leave the “SMS From” textbox empty, you can setup the reply SMS message forward to an email.

API Key : [REDACTED] [Unlock]
API Secret : [REDACTED]
SMS From : [REDACTED] (optional)
SMS Plan : STANDARD_AU
14c per SMS, minimum recharge \$70 (AUD, inc GST)

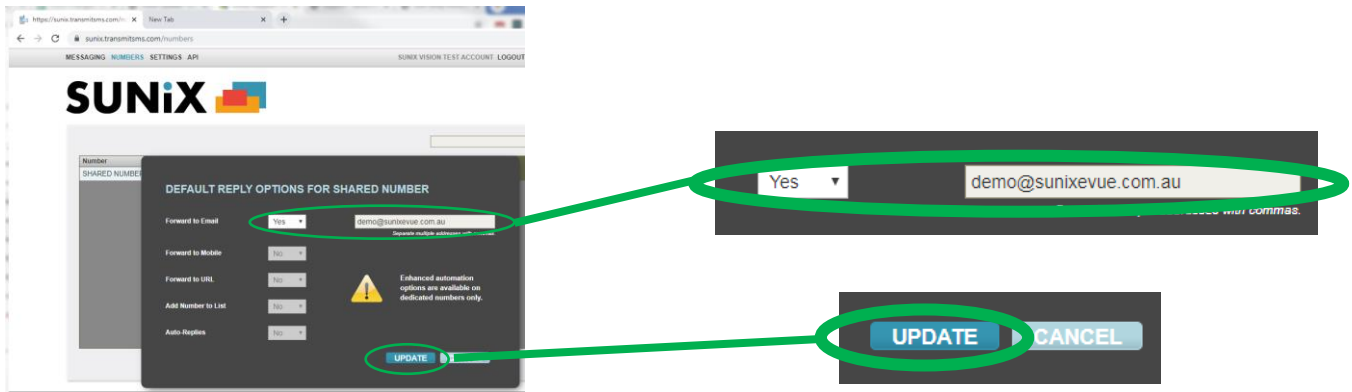

Login to your SMS account web page, click on “Numbers” menu.

Click on “Reply Options” link to bring up the reply option screen.

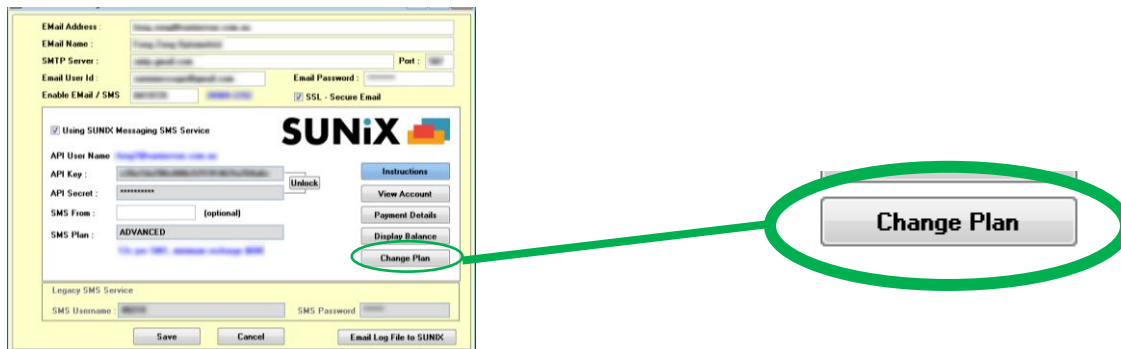

Set “Forward to Email” value to “Yes” and fill in your email address, then click on “Update” button to save it.

Changing the SMS Plan

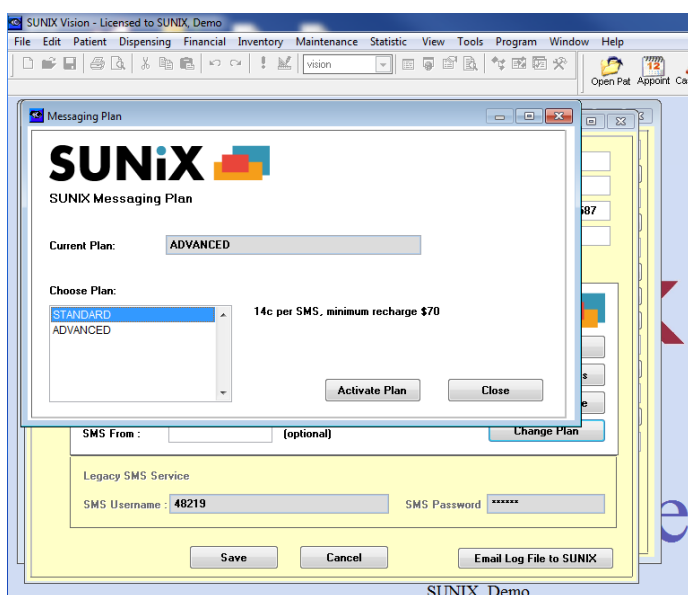

Sunix Messaging offers plans that vary according to the level of usage.

To change which plan you are using, firstly follow the instructions under “How to access credit card and payment options” to bring up the Billing information page as shown. Then click on the “Change Plan” button.

The screenshot shows the SUNiX Billing information page. The 'SMS Plan' is currently set to 'ADVANCED'. A green circle highlights the 'Change Plan' button in the bottom right corner of the page. A green arrow points from this button to a larger, separate button labeled 'Change Plan'.

A list of available plans will be shown. Select each plan to see the details of that plan.

The screenshot shows the SUNiX Messaging Plan dialog box. The 'Current Plan' is 'ADVANCED'. The 'Choose Plan' section shows a list with 'STANDARD' selected. The details for the 'STANDARD' plan are '14c per SMS, minimum recharge \$70'. The 'Activate Plan' button is highlighted. The 'Close' button is also visible. The 'SMS From' field is optional. The 'Legacy SMS Service' section shows the 'SMS Username' as '48219' and the 'SMS Password' as '*****'. The 'Save', 'Cancel', and 'Email Log File to SUNiX' buttons are at the bottom.

Click Activate Plan and then confirm the choice, to change the plan billing recharge.
